Natural Gas.

From all over the country, where natural gas is in use, comes the news that the supply is failing and that at the present rate it will not be long before the supply will be exceedingly short if not exhausted.

This is sad news for those who have been luxuriating in this easy and clean fuel. Especially is it bad for the manufacturing enterprises who use it as their only fuel.

To Business Again.

Our friend Mr. John Ries, late of the firm of Bueckhardt & Ries, has received the fixtures for his new meat store and opened up in the room lately occupied by Mr. Ferd Jacobs, next door to Ellwanger's, corner Main and St. Clair.

Mr. Ries is a clever and reliable man and proposes to sell at reasonable prices and the very best article of meat the market can afford.

La Grippe Successfully Treated.

"I have just recovered from the second attack of la grippe this year," says Mr. James A. Jones, publisher of the Leader, Mexia, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days, against ten days for the former attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy as I had to go to bed in about six hours after being 'struck' with it, while in the first case I was able to attend to business about two days before getting down." For sale by J. W. Gayle.

Great Floods.

The heavy rains of Friday and Friday night caused tremendous rises in all the streams throughout this section of the country.

A great deal of damage was inflicted along the streams and heavy loss both in property and life, was inflicted.

The river here came up to the danger line Saturday, but luckily a fall set in and relieved the situation.

SWITZERITE.

An Algonquin Superstition.

Most Christian countries, in some form or another, having the tradition regarding the cattle kneeling in their stalls on Christmas eve. It seems strange that the Algonquin Indians, north of Lake Temiscamigue, who have not been brought into touch with Christian civilization to any great extent, should possess a legend strangely similar to the ancient Christmas story. Such, however, is the case and hunters who have been in the northern country during the Christmas season have been surprised to see the Indians steal out in the woods on Christmas night and hide among the trees that they might catch a glimpse of the deer kneeling in the snow. On this night the Chippewa tribe of the Algonquins will not shoot or trap any of these animals, believing that at such times the deer are falling on their knees and looking up in worship to Manitou, the Great Spirit.
